Android 13 now available

Android 13 now available on R23 Android Panel PCs and Box PCs

We're excited to announce that Android 13 is now officially supported on our R23 Android Panel PCs and Box PCs. Our S-Series and APPC-10SLBe were already Android 13-compatible, and now our R23 models are joining them. New firmware releases will follow shortly. Stay tuned!

Software developers: We recommend checking the Android Developers site to see if the changes affect your application. Please verify software compatibility before upgrading to ensure seamless operation.

For more information or if you have any questions, please reach out to our [support team](#).

Case study: Chassé Theatre

Chassé Theatre automates ticket scanning with mobile kiosks

As one of the largest theatres in the Netherlands, Chassé Theatre in Breda welcomes thousands of visitors each week. With multiple performances each day, the theatre looked to optimise its entry process and reduce pressure on staff. Inspired by a similar solution seen in a German theatre, the theatre's management initiated a project to bring innovative, mobile scanning kiosks to Breda, featuring our APPC-10SLB. Partner events

See what's next - Meet us at these upcoming events!

This summer, you can find us and our partners at several key industry events:

- **ICT Specialist Partner Event – 27 August, TT Assen (NL)**

Together with LG, GoBright, FrontAssist, DS Templates, and Epatra, we'll share the latest ICT trends and developments and showcase our joint workplace solutions. [Register here](#).

- **PropTech Connect – 3-4 September, London (UK)**

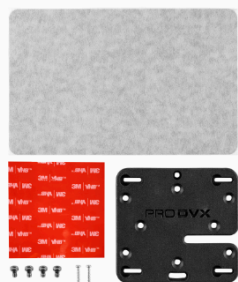

Our partner MEIDS UK (ICONICS) is a gold partner at this leading real estate tech event, showcasing our latest innovations and joint solutions. [Get tickets](#).

- **DEKOM Experience Day – 18 September, Hamburg (DE)**

Alongside GoBright, we'll showcase our joint solutions for room booking, wayfinding, and visitor management. [Book your ticket](#) and see our solutions in action!

More news

GM-75 Glass Mount Bracket

[GM-75 now compatible with S-Series](#)

[From intern to Software Engineer!](#)

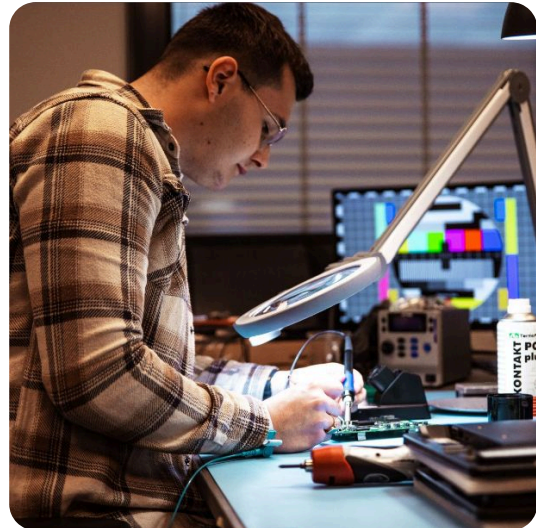

Our GM-75 now supports the latest models in our S-Series. Please note: the article number has changed from 8080850 to 8080860. Article number 8080850 is no longer available. For more information, please contact our [sales team](#).

We're proud to share that Jelle has officially graduated – and we're even more excited that he's staying on board as a Software Engineer at ProDVX! Welcome to the team (again), Jelle!

Updated product catalogue 2025

Discover our updated product catalogue featuring our latest assortment, insights on ProMGR and the ProDVX API, plus how ProSECURE and ProSURANCE(+) keep your devices secure and Always On. Download the catalogue [here](#) or request a copy via your account manager.

Temporary response delays

Please note: Due to high demand and team training during the summer months, our response times may be longer than usual between June and August. We appreciate your patience and understanding as we continue to support you as efficiently as possible.

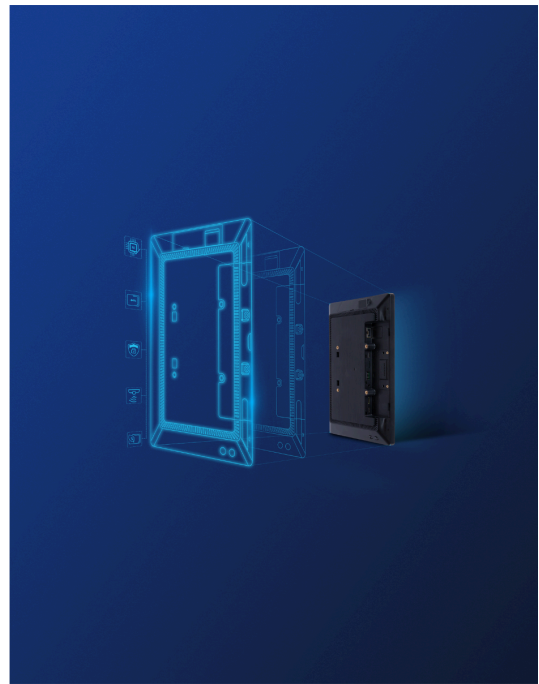

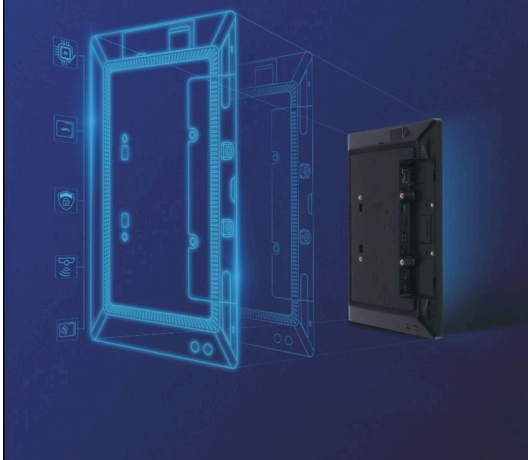

Marketing news

New S-Series content now available!

We're excited to share three new visuals of our S-Series! Feel free to use these images for marketing purposes, including social media, email campaigns, advertisements, flyers, and more. Click the photo below to download. Additional materials are available in the [ProClub portal](#) or can be requested via marketing@prodvx.com.

Built for the future APPC-10S Series

If you require any co-branded content, contact us, and we can customise it for you! If you're looking for any content like photos, banners, social media visuals, videos, and whitepapers, check our marketing portal.
