Factory closing dates

Plan ahead for timely deliveries

Our factory will be closed for Chinese New Year **from January 29th to February 16th, 2025**. As a result, lead times may be longer during this period. We recommend placing orders in advance to ensure that products arrive on time for the start of your projects.

Thank you for your understanding.

Event Calendar

Join our experts at the following events

In the upcoming month, you can visit our team and partners on various events throughout Europe. Discover more about our products, device management tools, and explore how our display solutions can benefit your organisation.

Marketing news

Always On with our 5 pillars of business continuity

Remembering all the unique selling points of the brands in your range can be challenging. That's why we've created an infographic highlighting **five key reasons** why customers choose ProDVX. Your sales team can easily use this infographic as a 'cheat sheet' when promoting ProDVX to your (potential) customers. Click the image below to download the infographic.

Always On with our 5 pillars of business continuity

We are a manufacturer of high-quality interactive display solutions. We pride ourselves for having over 20 years of experience and an in-house product development team. Our mission is to deliver reliable business continuity to our clients. Our solutions are Always On. Explore our five pillars of business continuity.

Build-to-order & End-of-life

From stock to build-to-order

As we have significantly improved the performance of our latest products, some of our previous models are no longer available from stock. [Here](#) you can find an overview of all our build-to-order items.

From build-to-order to end-of-life

As the RK3188 and RK3368(H) CPUs are end-of-life, we can no longer manufacture some of our previous Android devices. This also applies to OEM products using these CPU models. [Click here](#) for the list of end-of-life devices.
