

CP-10S

Table/wall stand for control panel

Accessories

Product Overview

The CP-10S is a dedicated mounting solution for ProDVX 10" S-series devices.

It ensures optimal positioning for better visibility and easier interaction, whether desk- or wall-mounted. With integrated cable management, it also keeps installations clean and professional.

In short: improved usability, perfect positioning, and a tidy setup in one solution.

Desk placement for instant visibility and control

Mount your device with the CP-10S on a desk or table to keep key information and controls always within sight and easy reach. This setup enables users to stay informed, respond faster, and maintain effortless control over what is happening around them.

Wall-mounted at an optimised angle for interaction

Mount your device with the CP-10S on the wall to create a comfortable viewing angle that encourages smooth and intuitive interaction. Ideal for touch-based applications, this setup improves accessibility and helps create a more engaging user experience.

Clean cable management for a tidy installation

Enjoy optimal cable management with the CP-10S, designed to keep cables neatly hidden underneath the stand. Dedicated cable routing slots guide the cables directly into the device, resulting in a clean, organised, and professional-looking installation.

Product Specifications

Dimensions	179.6 x 109.8 x 34.5 mm
Weight	410 g
Color	Black
Material	Metal

Supplied with

- 4 x Screws (A), M4x6mm, NI
- 2 x Screws (B), M3x12mm, NI
- 2 x Screws (C), M4x18mm, TAP
- 2 x Wall plugs (D), M4x25x6mm, NYLON

Designed for

- APPC-10S Panel PC (R26-7021)
- APPC-10SF Panel PC (R26-7221)
- APPC-10SFN Panel PC (R26-7281)
- APPC-10SFA Panel PC (R26-7581)

Sustainability

At ProDVX we are committed to doing our part when it comes to the environment. Our products are designed to have the lowest possible impact on the environment, from inception to product retirement. We also strive to operate our offices and warehouse in a carbon-neutral manner. Our aim is to lead the way in conducting responsible business in the digital signage hardware industry.
