Quick start guide

IPPC-10 SLB

Please check the website or scan the QR-code for more product information.
www.prodvx.com/support
This package contains:

Tools necessary but not included

How to start:

Step 1: Take contents out of the box, make sure all components are present.
Step 2: Install wall/glass mount or desk stand using manual screw driver, check designated mount/stand manual for instructions.
Step 3: Connect to power via power adapter or PoE+.
Step 4: Connect to Internet through Wi-Fi, PoE+, or LAN.
Step 5: If applicable, install and configure preferred application.

Important notice

Whenever you want to switch between the Wi-Fi connection and ethernet connection, the following procedure can be used:

1. When powering on the device, select Wi-Fi by pressing and holding the volume plus-button.
2. If you would like to switch back to the ethernet connection, make sure the device is powered down. After that, press and hold the volume minus-button while turning on the device to revert back to ethernet.

If the procedure is performed correctly, a notification will be shown stating which connection is now active.

Optional accessories

Barcode scanner NFC module Camera

Screw spec: M4*4 mm

Guaranteed environmental specifications for the ProDVX Display and accessories are:
- Operating temperature: 0 - 40 °C / 32 - 104 °F
- Storage temperature: -10 - 55 °C / 14 - 131 °F
- Relative humidity: 10 - 85% at 40 °C / 104 °F non-condensing

**Correct disposal of this product.
**This marking indicates that this product should not be disposed of with other (household) waste. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the reseller where the product was purchased. They can take this product for environmentally safe recycling.

**FCC & CE RF Radiation Exposure Statement Caution:** To maintain compliance with the FCC’s and CE’s RF exposure guidelines, the product must be placed at least 20 cm from nearby persons.

**This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:** (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment is subject to the condition that it does not cause harmful interference to licensed communications.

This equipment complies with the essential requirements of the Radio Equipment Directive 2014/53/EU. The following test methods have been applied in order to prove presumption of conformity with the essential requirements of the Radio Equipment Directive.

This equipment is compliant with Class A of EN 55032. In a residential environment, this equipment may cause harmful interference. Any interference received, including interference that may cause undesired operation.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**WARNING:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

**NOTE:** This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment is subject to the condition that it does not cause harmful interference to radio communications. Operation of this equipment is subject to the condition that it does not cause harmful interference to radio communications.
